Tersano Australia

Safe for kids

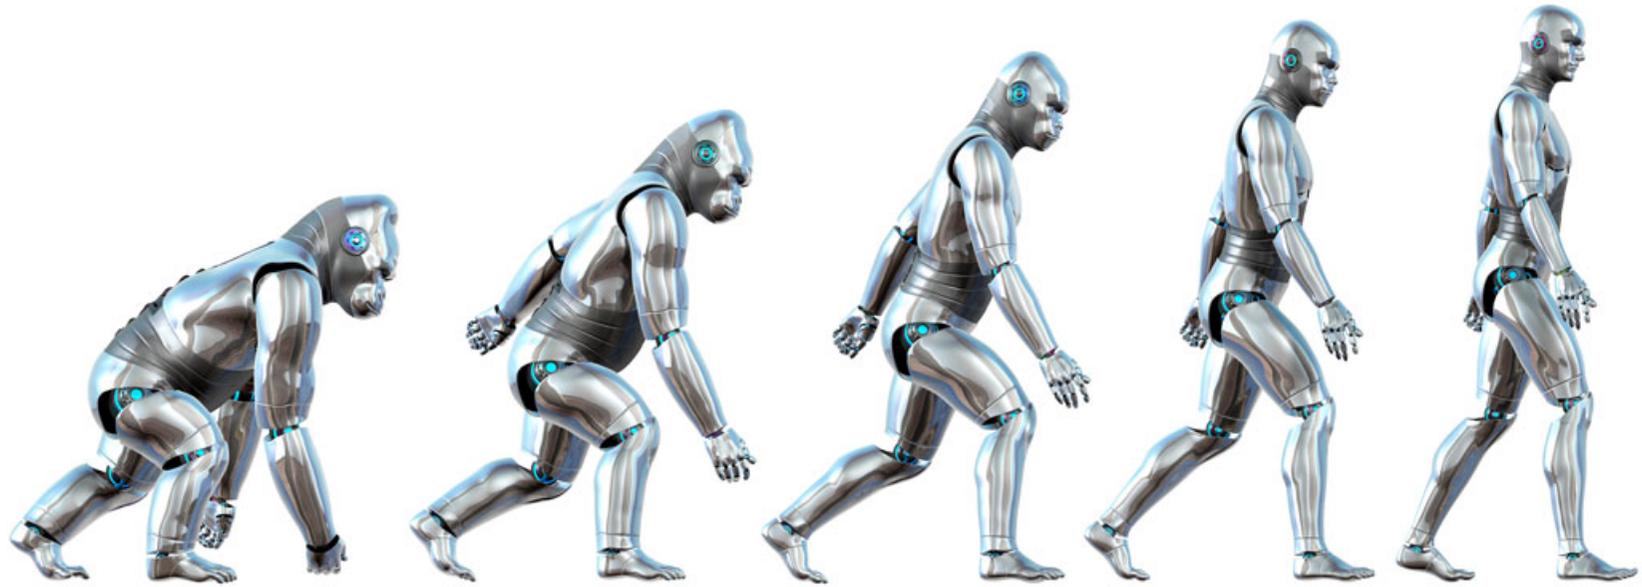

**Why is this
important to you?**

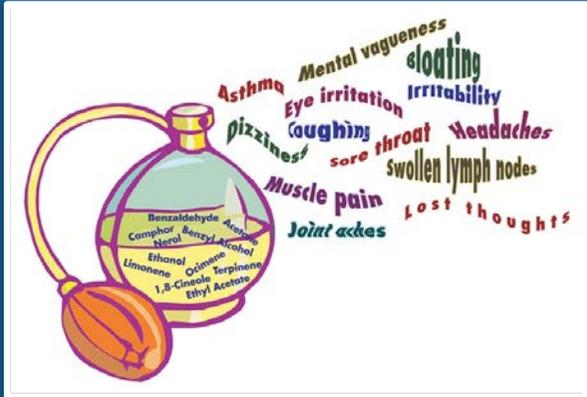

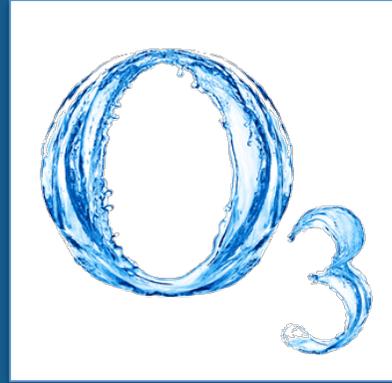

CHEMICAL FREE

What if?

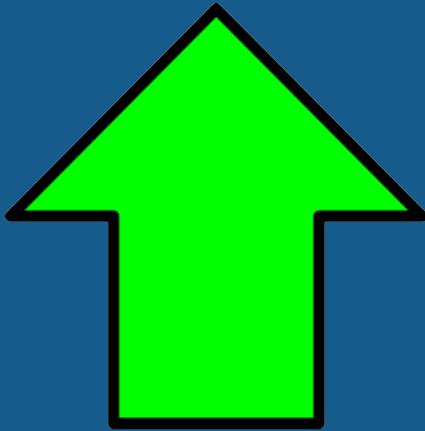

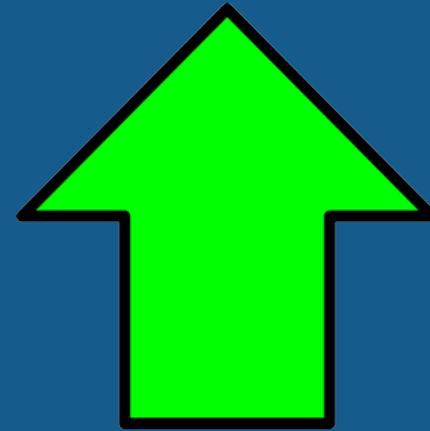

Health

**Cleaning
without
chemicals**

Productivity

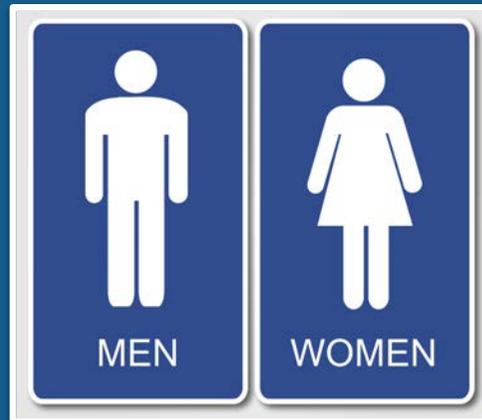

**More chemicals
= cleaner?**

Problem

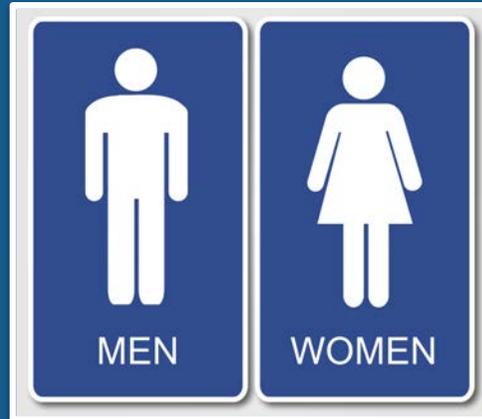

Solution?

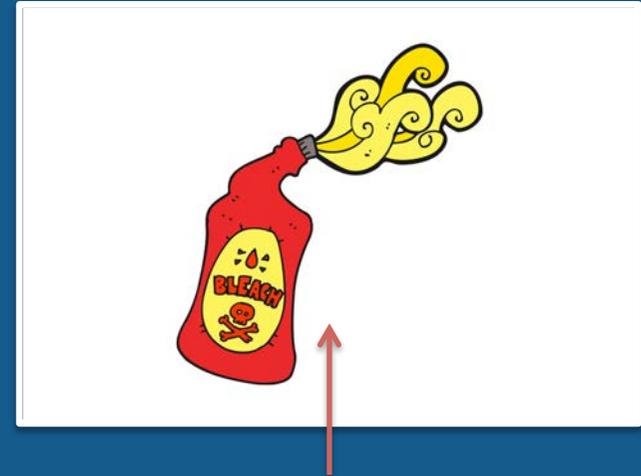

**Fragrance only
masks odours**

Problem

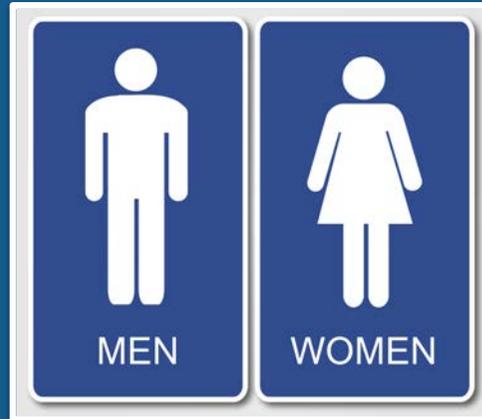

Solution?

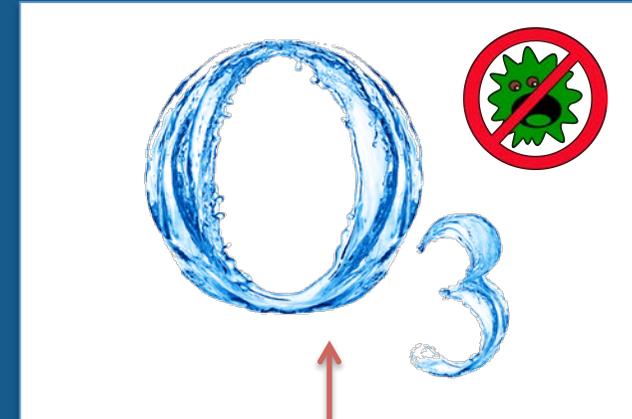

**Bleach creates
hazardous fumes**

Problem

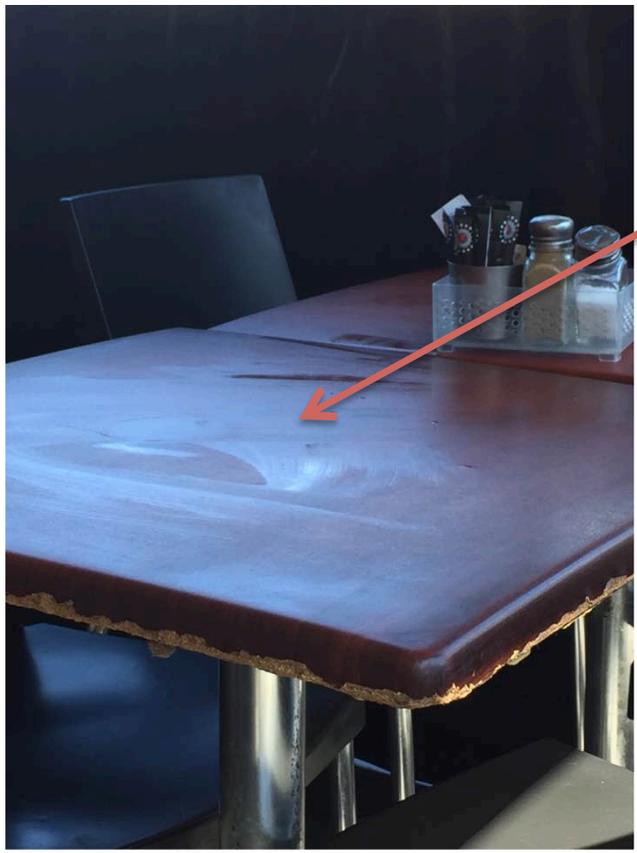

Solution

**Chemical-free kills
bacteria and
odour safely**

Signs of chemical over-use

Signs of chemical over-use

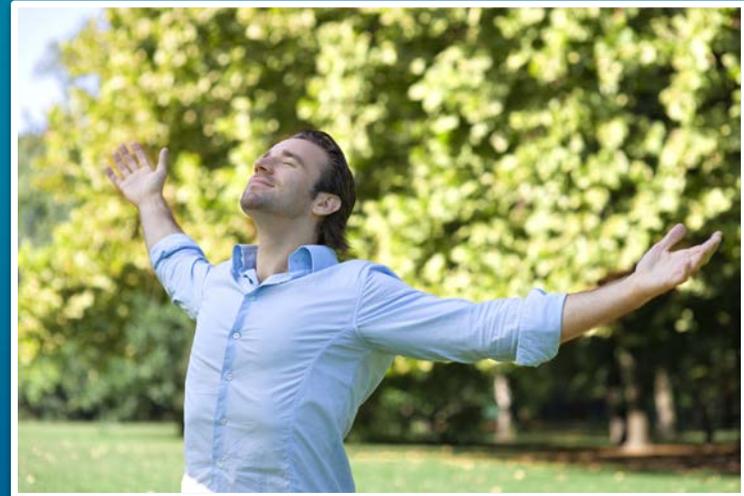

“None of the 33 dispensers tested delivered the quat disinfectant at the desired level, and all failed to achieve the required 800 ppm of active in the solution.”

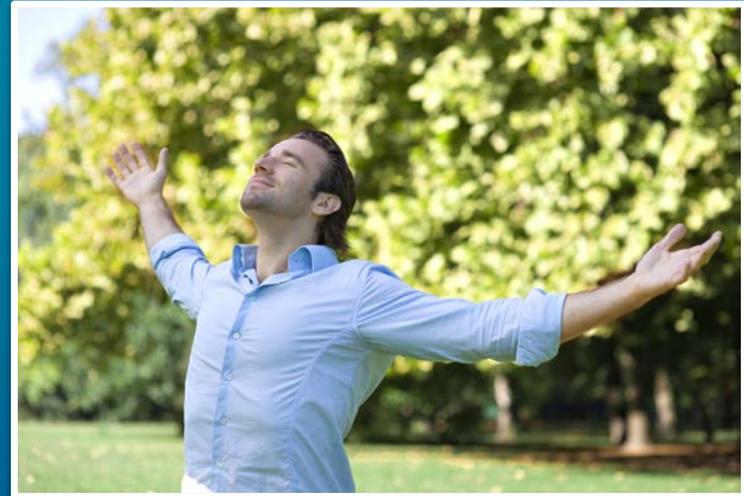

**The real solution
is chemical-free or
chemical reduction**

A circular ring of water splashes, composed of various sized droplets and larger splashes, arranged in a circle against a solid blue background. The water is clear and glistening, with some droplets appearing to be in motion.

**Proven to be
cleaner & healthier**

Green chemicals are still chemicals.

Green chemicals are still chemicals.

Green ≠ Safe

**Eye Contact:
Short Term Exposure:**

This product is corrosive to eyes. It will cause severe pain, and corrosion of the eye and surrounding facial tissues. Unless exposure is quickly treated, permanent blindness and facial scarring is likely.
